

The Swedish Competition Authority has approved Green Landscaping's acquisition of Svensk Markservice

Green Landscaping Holding AB (publ) has received approval from the Swedish Competition Authority to acquire Svensk Markservice AB. The acquisition is expected to be completed during the fourth quarter.

As announced on 15 October 2018, Green Landscaping has signed an agreement to acquire all outstanding shares in Svensk Markservice, subject to the Swedish Competition Authority's approval. This has today been received and the deal may therefore be completed.

The acquisition will enable Green Landscaping to strengthen its market position within ground maintenance and landscaping services. A larger group brings benefits to the customers in terms of increased local presence, increased productivity and broader service offering. Going forward, the acquisition leaves further room for consolidation within a fragmented market.
